**Germantown, MD  
June 24, 2018**

### **Pinnacle Installing 360 Networks Solution For New Combo Courtyard / TownePlace Suites Hawthorne, CA**

**Courtyard / TownePlace Suites**  
4427 W El Segundo Blvd  
Hawthorne, CA 90250

**360 NETWORKS**  
CLOUD & ON-PREMISE SOLUTIONS

Scheduled to open in August 2018 and less than five minutes from LAX Airport, the new dual branded hotel will be the first in downtown Hawthorne and close to several aerospace-related businesses including SpaceX, Northrup Gruman, as well as, Tesla’s design HQ, Boeing, Aerospace Corp, Raytheon, LA Airforce Base, Mattel, and many corporate airline offices. Featuring separately branded entrances and lobbies, the combined 300+ rooms will offer the upscale benefits of the Courtyard or extended stay provisions from TownePlace Suites, plus meeting rooms, fitness centers and on-site restaurants. Pinnacle is installing the ComXchange PBX system with provisioning for both of the independent hotel’s operations. Developers and Marriott believe there is a great demand for a quality limited-service hotel in this location with the combination of a Marriott Courtyard and the TownePlace Suites offering a unique mix of rooms.

“It looks like dual-branded hotels may be the future model for major hotel brands, says Bill Mitchell, Pinnacle CEO / VP Cloud Solutions, it just makes a lot of sense to offer travelers more options from a single property location and saves developers a lot of investment cost to combine the construction. We are working on about eight new construction dual branded hotels from several flags right now.”
