Pinnacle Installs Mitel 3300 PBX Systems For Newly Renovated Full Service Hilton

**Hilton Washington DC/Rockville
Hotel & Executive Meeting Center**
1750 Rockville Pike, Rockville, MD

The recently renovated 315 room Hilton Washington DC/Rockville Hotel & Executive Meeting Center in Rockville, MD is conveniently located in a key suburb of Washington, DC and just across from Twinbrook Metro Station, near the FDA, National Institute of Health, iHeartRadio, Lockheed Martin, IBM, US Pharmacopeia and Learning Tree.

The hotel features a 35,000 square foot conference center, an on-site restaurant and café and a 24-hour modern fitness center. Only a short journey to Reagan National Airport, National Zoo, The White House, The Lincoln Memorial and many other DC area government and historic locations.

Also close by is Pinnacle's corporate headquarters in the neighboring Germantown business community.

"I have attended several business events at this Hotel over the years, says Bill Mitchell, Pinnacle CEO/VP Hosted Solutions, it's always great when you don't have to drive very far in the DC area. We see a lot of updating and new hotel construction or expansion projects all around us in this area and it's a good sign that the economy is doing much better and more investments are being made."
