Pinnacle Installs Mitel 3300 PBX Systems At Historic 'The Inn At Perry Cabin' St. Michaels, MD

The Inn at Perry Cabin
308 Watkins Lane
St. Michaels, MD 21663

Although close to Washington, DC, the town of St. Michaels, is located on the idyllic Eastern Shore of Maryland and within a short journey down the Miles River to the renowned Chesapeake Bay. This rural retreat enjoys a long-time reputation as one of the best luxury resorts in Maryland.

The rich history of 'The Inn at Perry Cabin' dates back beyond the famous 1928 Fay Wray and Gary Cooper silent film *'The First Kiss'* that was filmed on location there and again was the site for the 2006 movie *The Wedding Crashers*. In between, hundreds of weddings and special events have been held at the picturesque resort, with its waterfront setting and breathtaking panoramic views, makes this a dream come true location for any wedding or celebration.

Pinnacle installed a new Mitel 3300 PBX during the property's recent renovation project. The sprawling complex features a wide selection of accommodations, meeting and special functions rooms and dining rooms. Guest can enjoy the luxurious 'Spa At Perry Cabin' or its on-site fleet of heritage rental boats and of course the irresistible and prestigious 'Links At Perry Cabin' golf course.

"There were lots of volunteers to supervise the installation at this great location, says Bill Mitchell, Pinnacle CEO/VP Hosted Solutions, the Easter Shore region is great destination for golf outings or just the cure for a relaxing decompression, but any opportunity to visit there in the month of May for business is really difficult to miss out on."
