### Pinnacle Opens Another Corporate Office Location In Scottsdale, AZ

Scottsdale, AZ 85251

Office Complex inside the  
Fashion Square Mall

As Pinnacle continues with its forward-looking expansion plans, the opening of an office in Arizona has been in the works for some time and following last year's completion of its newly constructed Fargo, ND, corporate location, the Scottsdale opening is right on schedule. Located in the upscale area of Phoenix suburbs and not far from possible future expansion into the Gannett Co. data center facilities for which Pinnacle has access to use, this is an ideal and timely expansion. This will make the sixth corporate office location, along with Germantown, MD, Palm Harbor, FL, Fargo, ND, Alpharetta, GA, and San Juan Capistrano, CA.

"It's time for us to expand", says Bill Mitchell, Pinnacle CEO/VP Cloud Solutions, "We are experiencing the best growth profile our company has ever had in its nearly 30 years of operations. We continue to add new products and new solutions and gaining new customers every month. We have been planning our expansion for several years and now with our growing service footprint, we need to be in more areas".
